

Easter Treatment Social Media Wording Options

Option 1

Make this Easter a bit more fun for all your food-allergic peeps with allergen free candy options. Always check ingredient labels as ingredients may change at any time. Or, the Easter Bunny could give non-food treats.

Option 2

Checking candy ingredient labels is so important. Don't forget to read and teach your children this skill.

Option 3

Volunteer or speak with school teachers to let them know about your allergic child & offer to help with treats and crafts.

Option 4

Easter is right around the corner, have an allergy friendly Easter!
